University of Manitoba
University of Winnipeg

SECOND ANNUAL *MANITOBA ENVIROTHON* PROVINCIAL COMPETITION

"An 'Olympic' style environmental
competition for high school students"

May 28th, 29th, & 30th
Canadian Forces Base Shilo
Shilo, Manitoba

Welcome to all the visitors and participants in the *Manitoba Envirothon*. All who attend are expected to display courtesy, honesty and respect towards competition officials, other teams, guests and facilities.

Manitoba Envirothon participants are expected to compete in competition events with an honest effort to follow the rules and elevate the spirit of this competition. As a participant, you are learning the lifetime skills of integrity, honesty, fairness, and sportsmanship along with respect for and knowledge of our natural resources. The goal of the competition is to give one's best effort while displaying these skills. These qualities will help you become better conservationists regardless of the final score.

We hope you enjoy the competition and support all teams in a positive manner. Above all, enjoy the people and friendships formed when meeting new people and seeing old friends.

Let The Games Begin!
