May 29th - 31st, 2003

Swan River Valley

*"An Olympic style environmental competition
for high school students"*

Competing Teams

Welcome to all the visitors and participants in the Manitoba Envirothon! All who attend are expected to display courtesy, honesty and respect towards competition officials, other teams, guests and facilities.

Manitoba Envirothon participants are expected to compete in competition events with an honest effort to follow the rules and elevate the spirit of this competition. As a participant, you are learning the lifetime skills of integrity, honesty, fairness, and sportsmanship along with respect for and knowledge of our natural resources. The goal of the competition is to give one's best effort while displaying these skills. These qualities will help you become better conservationists regardless of the final score.

We hope you enjoy the challenge and support all teams in a positive manner. Above all, enjoy meeting new people and seeing old friends.
